

Multiplying by 5 & Elapsed Time

A. Let's practice multiplying by 5. Here's the quick way to multiply by 5:

To multiply 5 by an **even** number:
The tens digit is half the number. The ones digit is **0**

To multiply 5 by an **odd** number:
Subtract 1 from the number and halve the answer to get the tens digit.
The ones digit is **5**.

Half of 4 = 2

7 - 1 = 6, Half of 6 = 3

5 × 4 = 20

7 × 5 = 35

8 × 5 = _____

5 × 3 = _____

5 × 6 = _____

9 × 5 = _____

B. Complete the table by finding the time.

Start Time	Elapsed Time	End Time
5:35 A.M.	2 hours 45 minutes	
7:20 A.M.		2:25 P.M.
9:40 A.M.	7 hours 25 minutes	
11:55 A.M.		3:10 P.M.
