

What is a Shark?

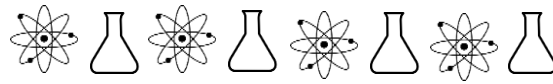

Cut out the rectangle as one piece and fold on the dotted line. Inside (opposite the "glue here" side), write or paste the information about sharks.

(glue here)

What is a Shark?

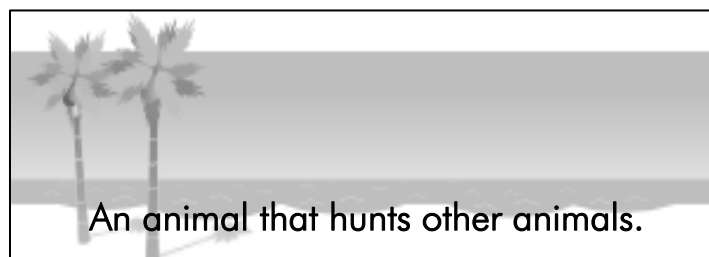

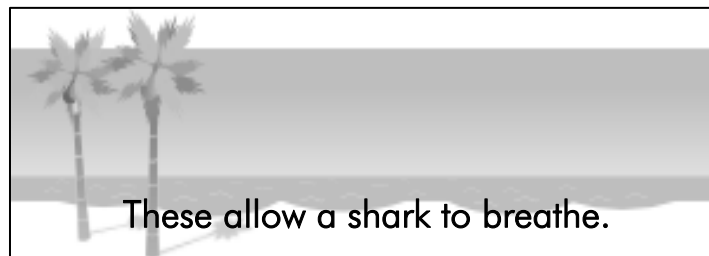

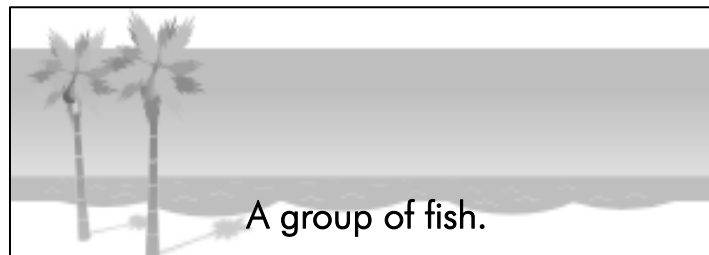

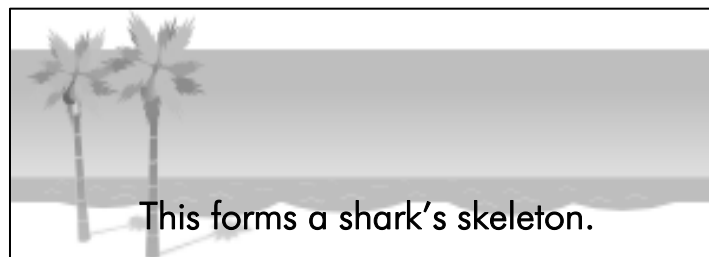

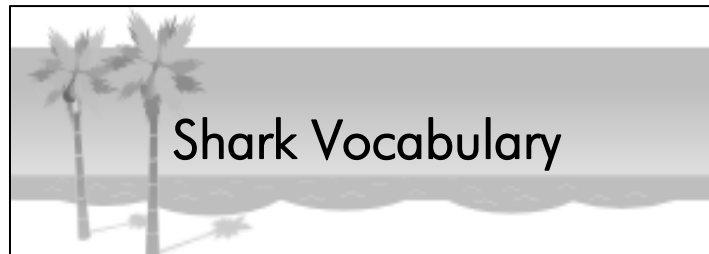

A shark is the fastest **fish** in the ocean. The temperature of the water determines a shark's body temperature because they are **cold-blooded**. Like other fish, they breathe with **gills**. There are more than 250 species of sharks!

Vocabulary

Cut out the beach cards. Write the word from the box that best fits the definition. Stack the cards into a book with the title page on top and add to your lapbook.

gills cartilage school predator
