Daniel Boone

Cut around the outside on the dark black line to make one large square. Cut the other dark black lines and stop when they stop (one rectangle from the outside edge). Fold the book like an accordion on the lighter lines, folding the page up or down when you get to a new row to continue the accordion.

Daniel Boone
1734-1820

Boone was born near Reading, PA on November 2, 1734.

Boone loved to explore and converse with friendly Indians.

Boone was captured by Shawnee Indians, but later escaped.

Boone and others were hired to improve trails that became the Wilderness Road.

Boone was an excellent hunter and provided meat for his family.

Boone became a hero.

Boone was married and began to explore again.

Boone moved his family and built a fort named Boonesborough.

They travelled through the Appalachian Mountains.

In 1784 he published his book, Adventures.

He travelled the frontier and embodied the spirit of Daniel Boone.

Cut this section off.

John Finley was trying to find a route to Kentucky.
