

Chemistry Review

Define these terms as you work through lessons 96-99.

Lesson 96:

physical change _____

ionic bond _____

solubility _____

Lesson 97:

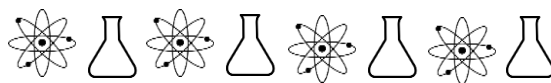

solute _____

solvent _____

Lesson 98:

chemical reactions _____

(continued on next page)

Chemistry Review continued

Lesson 98 continued:

concentrations _____

Lesson 99:

freezing _____

heat _____

evaporation _____

condensation _____

temperature _____
