

Classification of Whales

Cut out the rectangle as one piece. Fold the left side in (on the line at A), and fold the right side in (on the line at B). Cut on the dotted lines so that there are 4 strips you can open to the fold. On the inside (opposite "glue here"), write the classification of whales: kingdom – Animalia; phylum – Chordata; Class – Mammalia; order – Cetacea.

Kingdom	<p style="text-align: center;">A →</p> <p style="text-align: center;">(glue here)</p> <p style="text-align: right;">← B</p>	Classification of Whales
Phylum		
Class		
Order		

Whale Anatomy

Cut around the outside of the first circle, as well as along the dotted lines to cut out the "cut out here" section. Cut around the outside of the second circle. Stack the first circle on the second circle and secure with a brad. Learn from the wheel what all whales, whether toothed or baleen, have.
