

Tadpole or Frog

Cut out the book as one piece and fold it in half. On the inside, write or glue Tadpole at the top of one page and Frog at the top of the other. Write or glue the individual facts on the correct pages. If you're making a lapbook, glue the "glue here" side down.

Tadpole

has tail growing to legs
eaten by water bugs
breathes with gills
lives in water
senses: smell and vibration

Frog

has four legs
eaten by snakes and birds
breathes with lungs through skin
lives near water on land
senses: sight and hearing
