

# Hibernation

Cut out the rectangle as one piece. Fold the left side in (on the line at **A**), and fold the right side in (on the line at **B**). Cut on the dotted line so that there are two strips you can open to the fold. On the inside (opposite "glue here"), write about the changes in breathing and body temperature an animal in hibernation experiences.

<p><b>Breathing</b></p> <hr style="border-top: 1px dashed black;"/>	
<p><b>Body Temperature</b></p>	<p style="text-align: right;">A ←</p> <p style="text-align: center;">(glue here)</p> <p style="text-align: left;">B ←</p>
	<p><b>What bodily changes occur during hibernation?</b></p> 

## Turtles and Snakes

Cut out the rectangle as one piece and fold on the center line. Cut on the dotted line. Write the answer inside on the backside of the flaps. On the inside (opposite the "glue here" side), write WHY turtles and snakes sleep for the winter where they do. Use complete sentences.

(glue here)	
<b>Where do they sleep?</b>	
<b>Turtles</b>	<b>Snakes</b>
