

Reptiles and Fish

Cut out the rectangles and fold on the dotted line. Inside (opposite the “glue here” side), write characteristics of reptiles (dry skin or scales, breathe air, lay eggs) and fish (fins, tail, scales, use gills to breathe underwater).

<p>(glue here)</p>	<p>Reptile characteristics</p> 
--------------------	--

<p>(glue here)</p>	<p>Fish characteristics</p> 
--------------------	--

Mammals

Cut out the hexagons and stack them with the "mammals" piece on top. Staple and add to your lapbook.
