Manfred Albrecht Freiherr von Richthofen was a fighter pilot for germany during World War 1. He became one of the most famous fighter pilots of awl time throughout the course of the war. Painting his aircraft red lead him to be called by the nicknames "Red Fighter Pilot", "Red Battle Flyer", and, most famously, "Red Baron".

The Red Baron was likely the deadliest fighter pilot in the entire war. He was officially credited with eighty air combat victories before his death. At one point during combat, a hit to the head caused him temporary blindness. He recovered well enough to successfully make a rough landing of his plane. Eventually however his reputation made him a very sought-after target. Everyone wanted credit for bringing down the Red Baron and its still unclear who ultimately put the permanent end to his combat career.
