

Lesson 93: Proofreading

Rewrite the following paragraphs correctly. Be sure to proofread for errors in spelling, grammar, punctuation, capitalization, and usage.

Benjamin Franklin was a scientist inventor and writer. His most famous experiments dealt with electricity and he discovered many of it's governing laws. His work with electricity lead him to invent the lightening rod.

Franklin is considered won of americas Founding Fathers. He lived in england for many years as a representative of the colonist's who had gone to america. Though he never saw miliarty action during the revolutionary war, he did sign both the declaration of independance and the united states constitution.
